

Baeley Canning

FULL-STACK DEVELOPER

Summary

As a recent graduate of a software development bootcamp, I am excited to bring my passion for learning and growth to the industry. I have a strong background in time management, team leading, and project coordination, which makes me a valuable asset to any team. Throughout my career, I have efficiently run projects and teams, resolved conflicts, and coordinated complex projects. I am committed to staying up-to-date with the latest technologies and industry trends, and I am eager to acquire new skills and knowledge to enhance my performance. My dedication to my craft and proven track record of success make me a reliable and trustworthy team player. I am confident that my strong work ethic, attention to detail, and collaborative nature will enable me to make a positive contribution to any team.

- Agile facilitation
- UX/UI design
- Problem-solving
- Time management
- Self-motivation
- Adaptability

Experience

STUDENT

Dev Academy 2022 - Present

As a student developer, I have gained hands-on experience in diverse programming projects using JavaScript, HTML, CSS, Tailwind, React, Redux, Knex, SQL, and TypeScript. I have collaborated effectively in pair/group programming with a track record of creating multiple projects. My technical skills include proficiency in various development methodologies, including Test-Driven Development (TDD) with Jest, Agile methodologies such as Scrum, Git control, and Agile facilitation.

Projects:

- Gallerina: As a team member, I contributed to the development of Gallerina, an art gallery app similar to Pinterest. The app utilized Redux, React, Tailwind, and Auth0 for login. During the development process, I utilized TDD with Jest to ensure code quality and maintainability.
- Kes-Kes-Say: As a team member, I contributed to the development of Kes-Kes-Say, a mock social network used for social media-like activities. The app allowed users to view user profiles, see a user's location, weather, and time, and log in and log out with Auth0.

In addition to my technical skills, I have developed strong human skills that enable me to work collaboratively with others. I have excellent communication skills, which have helped me to communicate effectively with team members, project managers, and stakeholders. I am skilled in team leadership, Agile methodologies, and courageous conversation, which has helped me to resolve conflicts and build strong relationships.

I am passionate about utilizing my skills and experience to contribute to the tech industry. As a student developer, I am eager to learn and grow, and I am confident that I can make a valuable contribution to any development team.

Education

CERTIFICATE OF APPLIED SOFTWARE DEVELOPMENT

DEV ACADEMY AOTEAROA
2023 - Present

RES420/421

REAL ESTATE FUNDAMENTALS

Open Polytechnic
2021 - 2022

RES421

LAW FOR LICENSEES

Open Polytechnic
2021 - 2022

Experience

TECH

Chemdry, Wellington 2022 - 2023

As a Technician at Chemdry, I provided timely restoration services to clients impacted by flood/water damage.

Successfully liaised with loss adjusters and maintained strong client relationships. Handled customer complaints with empathy and professionalism, ensuring effective resolution. Consistently delivered high-quality service while completing restorative projects.

TEAM LEADER

Nzwindows, Whitianga 2019 - 2022

As a Team Leader, my primary responsibility was to efficiently and effectively manage a small team to ensure the successful completion of projects within the given deadlines and to high quality standards. I was responsible for leading, motivating, and guiding my team to achieve their goals while maintaining a positive work environment.

About Me

I am a highly motivated individual with a passion for coding, learning, and exploring new things. When I'm not coding, I enjoy spending time with my partner and discovering new food spots in the central city. As an architecture enthusiast, I am fascinated by the city's beautiful

Victorian architecture and enjoy taking in its many intricate details.

My passion for discovering hidden food spots has inspired me to create a website dedicated to sharing these gems with others. Currently, I am in the data collection stage of this project and am excited about the potential impact it could have on the local community.

As a professional, I am diligent, detail-oriented, and committed to achieving excellence in all of my endeavors. I thrive in collaborative environments and am always eager to learn from my peers and contribute my own unique perspective.
